- **Tools & Platforms:** Figma, Adobe Photoshop, VS Code, GitHub
- **Backend & DB:** MySQL, SQL
- **Soft Skills:** Problem Solving, Self-learning, Adaptability, Teamwork

WORK EXPERIENCE

Frontend Developer Atharva System	July 2024 – Present
○ Developed and maintained multiple responsive web applications using HTML, CSS, JavaScript, Tailwind CSS, SCSS, and Less. ○ Translated UI/UX designs from Figma and Photoshop into clean, performant front-end code. ○ Leveraged Shopify and Wix to build scalable e-commerce websites with seamless user experiences. ○ Collaborated with designers and backend developers to ensure feature completeness and quality. ○ Optimized front-end performance through best practices like code minification and efficient asset management.	

PROJECTS

- Shopify Developer
- Built and maintained 10+ responsive web applications, reducing load times by 30% and improving cross-browser compatibility.
 - Translated UI/UX designs from Figma into pixel-perfect code, ensuring 95% design accuracy.
 - Improved front-end performance with asset optimization, achieving Google PageSpeed scores of 90+.
 - Collaborated with backend developers to reduce integration issues by 20%, ensuring faster delivery.
- Selected Projects:
- **Suzie Kondi** – Developed a custom Shopify theme, improving homepage load speed by 25% and enhancing engagement with optimized layouts.
 - **Velvet Tees** – Customized Shopify theme components and product/collection layouts for a fashion storefront, improving SEO health score by 40% and boosting mobile retention.
 - **Irene Forte Skincare** – Delivered scalable, reusable Liquid sections for a luxury skincare storefront, reducing future development time by 30%.
 - **Jet Set Candy & Naked Cashmere** – Enhanced UI/UX with reusable components and smooth cross-device performance.
 - **TopTier Attachments** – Delivered scalable layouts optimized for UX and performance.
 - **The Map Store** – Implemented Splide.js sliders (testimonials, best-seller, installation steps) and AJAX cart functionality for a 2D/3D wooden map storefront, fixing cart drawer z-index and responsive slider issues.
 - **Live Tinted** – Built Liquid sections and Splide.js sliders for a multi-shade beauty storefront, improving mobile layouts and template consistency.
 - **BY JOHNNY** – Customized product cards, size/color variants, and quick-add functionality for an Australian fashion brand's Shopify storefront.
 - **Eighth Day** – Built responsive theme sections and promotional components for a science-driven skincare brand.
 - **HATCH Collection** – Customized navigation, mega-menus, and reusable sections for a maternity and lifestyle eCommerce brand.
 - **Viretta** – Developed Liquid templates and responsive layouts for an international consumer products storefront.
 - **AIVIQ** – Customized product and collection templates for a Danish home appliances eCommerce store.
